Dear Sentinel:

Allow me space and I will try to give you some of the Detroit news.

Health is very good here being less contagious disease than has ever been known here. Only one case of smallpox, 116 cases of scarlet fever, 115 of diphtheria.

Times are very dull here now, and it looks like everything is going to come to a stand still.

The weather is nice and pleasant, with the nights cool with plenty mosquitoes for company.

J. D. Dudley is still attending the Auto school at night.

I wonder what has become of Geo. Harris of Coalinga?

Geo. Allen made a flying trip to Tullahoma, Tenn., and while there he was united in the holy bonds of matrimony, and, besides, he is the proud owner of a new Maxwell Car. (Some speed)

Charlie Jones and family visited the writer to day. We all have a good time here and work for the U. S. Tire Co. Hello! John Wilmoth, why don't you write me?

M. B. is O. K.

Hope to see you all in the near future.

Yours Very Truly

Sanford Mabry.

Dear Editor:

Work is not very good here now, but expect better times soon.

If there are any boys thinking of coming out here soon, I would advise them to wait till the wage conference is over and the new wage scale is established for another year.

I see a lot of Jackson County boys every day. There are six of us here in the same camp.

Any of us like to see the Sentinel, so come on with the news. If every one would write up the news of each locality, we would have a more newsy paper.

Baseball seems to be lauder of sports in the oilfields, everybody is baseball crazy. We have some interesting games in the Twilight League.

I saw an item in the Sentinel where you have some baseball fans in Jackson county. Go to it
